

Deep Green Commercial Cleaning Solutions

HealthClean is the only cleaning product company chosen for the *Restaurant & Catering Association* of Australia's Green Table Initiative

“Finally, commercial green products that actually work for our industry!”

(John Hart - CEO of Restaurant & Catering Association)

Using natural plant-based ingredients, we ensure that our comprehensive range of cleaning products are all non-toxic, non-hazardous, non-polluting, and readily biodegradable. We aim to deliver the safest, most effective, and cost-competitive green cleaning products.

Green Seal™ is a world-wide environmental standard for industrial and institutional cleaners based on reduced human and environmental toxicity and reduced volatile organic compound content.

EcoLogo™ is a world-wide environmental standard for industrial and institutional cleaners, ensuring that products bearing this logo meet stringent standards of environmental leadership.
